

Plugs for Parents...

School Meals: Week commencing 29th June is as follows:

Monday	All Day Breakfast (meat or vegetarian) – Jacket potato with a choice of fillings
Tuesday	Wrap with a choice of fillings – Cheese or ham pizza
Wednesday	Pasta meatballs with garlic bread - Jacket with a choice of fillings
Thursday	Roast chicken with roast potatoes and vegetables – Sandwich with a choice of fillings
Friday	Fish fingers with chips and beans – Omlete with chips and beans

Next Week: We are looking forward to welcoming more children back to school on Monday for the final three weeks of term. We are sorry we do not have the capacity to invite more children back, as we know that many children (and parents!) are keen for a return to school – we share your eagerness. We are awaiting further government guidance in relation to the opening of schools in September and we will keep you updated.

Summer Holidays: St Ann's will close for the summer holidays, with our last day at school being on Friday 17th July. We will keep you posted as to what will happen in September once we have further government guidance. Our calendar for next academic year can be found on our website here <https://st-anns.sheffield.sch.uk/term-times/>

Y3/4 and Y5/6: These classes will begin a new timetable of learning next week so please do login into Google Classroom to find out more. This will be a combination of live and pre-recorded lesson delivered by Mrs Wilde and Miss Galbraith each morning for the remainder of the school year.

A message from Sheffield's Family Learning Team: The summer holidays are approaching and we want to offer Sheffield parents the opportunity to join this year's Sheffield Summer Challenge - a chance for families to do interesting, fun, low cost, accessible activities together. We want to make Summer 2020 something special. Our team of experienced Family Learning Tutors, part of Sheffield City Council's Family and Community Education team, have developed an exciting programme of activities and, uniquely, will be on hand to guide and support families as they play, do, explore and learn together. Like to be involved? Parents and carers can contact us by email, facebook or twitter and we will do the rest.
