

St Ann's Catholic Primary School PE Curriculum

- **Through participation in sport, children are encouraged to nurture curiosity, talent and ability through the promotion of creativity and the celebration of learning.**
- **To foster a sense of awe and wonder in God and in the creation by giving opportunities to take a full conscious and active part in Christian celebration.**
- **To inspire a joy and value in the gift of life-long learning.**
- **Self-confidence is encouraged, whilst recognising that it develops through risk taking and making mistakes.**

St Ann's Catholic Primary School PE Curriculum

PE Curriculum Rationale

Statement of Intent: St Ann's Catholic Primary School employ a multi agency approach to physical education to ensure the best possible PE and sports provision for our children. We use Qualitas and Kixx to deliver one 'expert led' PE lesson a week and the Real PE scheme framework for one teacher led lesson. This ensures that our children are receiving high quality PE from experienced coaches and the we are continuing to develop our teacher's best practice by using the Real PE scheme. The PE curriculum is designed to coincide with Qualitas School Games Events Programme so that children learn the skills needed for the relevant year groups during lessons and get the chance to put them into practice in external, aspirational venues in festivals and competitions. We are also a part of Sheffield Links Partnership Events Programme which enables to children to experience sporting events at more local venues and compete against local schools in the area. We assess our children using the Qualitas Assessment Tool at the beginning and end of every sport specific unit, to show the children's progress in that subject area. Teacher assess the children using the Real PE Assessment framework at the end of every half term unit. We also use to Qualitas' Event Participation Tracker so we can monitor which year groups have attended which events throughout their academic year which helps to build a bigger picture of their PE provision over their whole school journey. Alongside this, we also track the participation of children at ASC's and LTC's to monitor gaps in physical activity/target popular inactive groups (PP/SEN).
