The option to teach some elements of the programme is left to the discretion of schools in consultation with parents. These areas are called 'Key decisions' and cover the discussion of genitalia (KS1), puberty (LKS2), sexual intimacy (UKS2).

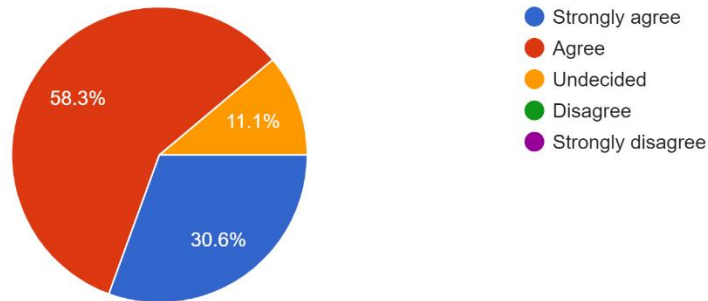

I approve of my child learning the names of external genitalia in KS1.

I am happy for my daughter to receive this information, they still feel very young to be discussing these topics but I have no strong objection and trust it will be done in an age appropriate way. Thank you

As a parent I fully support the teaching of these topics would it be possible to let parents know what is being taught when for example on the website in case my child has any questions i have somewhere to go to know what has been taught.
